Art Unit: 1713

DETAILED ACTION

1. Claims 5, 6, 10-15 are drawn to non-elected subject matter. Claims 1, 3-4, 7-9 are examined with merit.

Claim Objections

2. Claims 3-4, 7-9 are objected to because of the following informalities: Claim 3 is setting dependency onto itself. Appropriate correction is required.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1, 3-4, 7-9 are rejected under 35 U.S.C. 102(b) as being anticipated by Müller (US Pat. 6,303,687) for the reasons adequately set forth from the non-final office action of September 29, 2005.

Art Unit: 1713

Applicant's arguments filed December 27, 2005 have been fully considered but they are not persuasive. Applicants argue that since Müller does not disclose the monomers as claimed, the invention of claims 1, 3-4, 7-9 is not anticipated. However, the examiner disagrees because applicants fail to recognize that Müller (col. 5, line 56 to col. 6, line 67) clearly teach a polymerizable composition comprising a crosslinkable polyurethane with vinyl groups.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 1713

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
